

Bandon Oregon July 0f 2013 VRBO experiment

Re: Bandon 5/20/13

Mike & Bonnie,

Will be sending a series of pics. See attached. The videos were too large so will put them on Flickr and will let you know when they are ready.

Doug - any chance you can join us in Oregon on/around 28-29-30 July? We are renting a small house 2 minute walk from the rocks/ocean in Bandon - and would love to have you join us ...

... this is 'my chance, my choice' to visit with your Aunt Patti ...

Hey Daddio! That looks seriously fantastic! I love the atmosphere and would love to see everyone. Unfortunately, I have to give a firm "Maybe" on that... our first BIG test for the NASA Orion project starts that week (up in Norfolk, VA). There's a lot still getting worked out as to who needs to be where and when. As the Division Chief, I need to at least be there for the major parts of the test. Therefore, the "maybe". But I'll do my best to make it happen!

That's absolutely great, Doug - on both counts. That you may be able to make this happen, and that your office is supporting the Orion project. We'll keep our fingers crossed.

Meanwhile, if you have no serious objections, I'd like to slightly modify your entry in The Book to reflect this more specific mission, from the current:
... assigned to Patrick AFB as part of the DoD mission to support NASA's HSF Program..

to:

... assigned to Patrick AFB as Division Chief of the DoD mission to support NASA's HSF Program, to include the Orion project..

Will that work for you? or what would you suggest?

Thanks,

- Dad

That sounds pretty good, if you want, you can also include support of NASA's Commercial Crew Program (They're contracting out space flight!), so companies like Space-X and Boeing are bidding to do the ISS mission.

All,

It's Halloween and Patti wanted to send you some pictures. One is of a screeching monster on a porch across from our coffee house. The others are from our Halloween Party here at Mountain Meadows, about 50 of us in all.

We had a great time. Our good friends, the Mitchells, Carolyn and Stanley, are the dog and her Master in the picture. Carolyn's sister went to Lamar and Rice with the twins.
